HEALTH INSURANCE

DID YOU KNOW?

1 in 2 Singapore Residents are expected to develop severe disability at some point in their lifetime and may need long-term care¹.

Disability is a major risk, arising not only in one's senior years but also among younger people who have a stroke or worsening chronic disease². 31.2% of the resident population aged 15 to 64 who were unable to perform or had a lot of difficulty performing at least one basic activity were in the labour force in 2020³. **More than half of those receiving a payout from CareShield Life are under 40².**

DID YOU KNOW?

Singapore's road fatalities and injuries hit a five-year high in 2024. **The number of people injured was also up, from 8,941 in 2023 to 9,302 in 2024⁴. Accidents can leave even healthy, working adults with mild to severe disabilities.**

In the event of severe disability, you may require long-term care services like rehabilitation, centre-based care, home-based care or nursing care.

Depending on the services that are required, **this may easily cost a thousand dollars or more per month⁵**. Without added insurance coverage, these expenses can cause financial strain on you and your family.

A sudden disability can change your life in an instant. Beyond medical treatment, caregiving and mobility support expenses can quickly add up. Care Secure Pro is designed to strengthen your CareShield Life or ElderShield coverage by providing monthly cash payouts⁶ when you are unable to perform one of the 6 Activities of Daily Living (ADLs). If you are unable to perform two or more ADLs, your support increases with a lifetime monthly disability benefit^{6,7} and a lump sum Support Benefit⁸, so you can focus on getting the care you need and prioritising your recovery, without added financial stress.

Key Benefits

1

Receive monthly payouts⁶ of 60% of disability benefit for up to 60 months if you are unable to perform one ADL before age 75 last birthday

5

To help support caregiving costs, the Caregiver Benefit¹¹ provides a monthly payout of 60% of disability benefit for up to 12 months when you are unable to perform at least two ADLs

- 6 If you become and continue to be disabled, we will pay a monthly Disability Benefit. We pay the Disability Benefit depending on the following conditions:
 - When we have approved the claim, we will pay the first payment of the monthly Disability Benefit on the day immediately after the deferment period. We will then pay it on the same day every month thereafter. If we do not approve the claim until after the deferment period, the first payment of the monthly Disability Benefit will be treated as due from the day immediately after the deferment period.
 - If you recover from mild disability and you have not fully used the amount under this benefit for mild disability, you may make another claim for the remaining amount if you become mildly disabled again up to the applicable limits in your lifetime.
 - If you recover from the moderate disability or severe disability (where applicable) but become moderately disabled or severely disabled again, you are entitled to further payment of this benefit.

Deferment period means the 90-day period from the claim date (inclusive). We will pay the first benefit payment immediately after the deferment period.
- 7 Applicable to only moderately disabled and severely disabled. There is no limit for the total benefits paid for moderate disability and severe disability in your lifetime under the Disability Benefit.
- 8 If you become and continue to be moderately disabled or severely disabled, we will pay the Support Benefit. We will pay the Support Benefit immediately after the deferment period. The maximum Support Benefit we will pay is 600% of the disability benefit as of the claim date. If you become moderately disabled, you can only make another claim for the remaining amount of Support Benefit if you later become severely disabled.
- 9 Upon successful purchase of a Care Secure Pro Plan (a "Qualifying Policy"), customers will be eligible to receive 25% off on insurance premium throughout the period in which the Qualifying Policy is in force. The Promotion is applicable to the first year and subsequent renewals, and loaded premium(s) if any. This Promotion does not apply to the premium for the CareShield Life portion. This Promotion can only be enjoyed once. For avoidance of doubt, a customer with any existing Qualifying Policy, whether before or during the Promotion Period and whether with any eligibility to enjoy the Promotion, who subsequently increases their sum assured and/or premium amount, or tops-up, will not be eligible to enjoy this Promotion as a result of such increase(s) in sum assured and/or premium amount, or top-ups. Promotion ends 8 September 2026. Please refer to income.com.sg/care-secure-pro/perpetual-discount-tnc.pdf for further details.
- 10 If you have at least one dependant and you become moderately disabled or severely disabled, we pay the monthly Dependant Benefit. This benefit depends on the following conditions.
 - If you recover from moderate disability or severe disability and you have not fully used the amount under this benefit, you may make another claim for the remaining amount if you become moderately disabled or severely disabled again up to the applicable limit in your lifetime.
 - If the child is no longer considered a child (because of their age or otherwise) at any time after we have begun paying this benefit, we will continue to pay this benefit until your death or you recover from moderate disability or severe disability. The payment will then end.

We only have to start paying the Dependant Benefit after the deferment period.

If you recover from moderate disability or severe disability, or die after we have started paying this benefit, this benefit will end immediately on the date of your recovery or death (as the case may be).
- 11 If you become and continue to be moderately disabled or severely disabled, we pay the monthly Caregiver Benefit. If you recover from moderate disability or severe disability and you have not fully used the amount under this benefit, you may make another claim for the remaining amount if you become moderately disabled or severely disabled again up to the applicable limit in your lifetime. We only have to start paying the Caregiver Benefit after the deferment period. If you recover from moderate disability or severe disability, or die after we have started paying this benefit, this benefit will end immediately on the date of your recovery or death (as the case may be).

IMPORTANT NOTES

- 12 For premium term up to 67 age last birthday, the minimum entry age is 30 (age last birthday) and the maximum entry age is 47 (age last birthday). For premium term up to 99 age last birthday, the minimum entry age is 30 (age last birthday) and the maximum entry age is 69 (age last birthday).
- 13 If there are insufficient funds in the designated MediSave account or if the premium exceeds the MediSave withdrawal limit of up to \$600 per insured per calendar year, cash payments will be required for the difference.
- 14 You can choose a monthly disability benefit level from \$200 to \$5,000 in multiples of \$10.
