The investment advisor to the manager is Schroder Investment (Japan) Limited.</p> <p>The custodian of the sub-fund is The Bank of New York Mellon.</p>	<p>For further information, please refer to “Fund Manager” of the Fund Summary for ILP.</p>
KEY RISKS	
<p>WHAT ARE THE KEY RISKS OF THIS INVESTMENT? You should consider and satisfy yourself as to the risks of investing in the sub-fund.</p> <p>An investment in the sub-fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investments.</p> <p>The securities and instruments in which the sub-fund may invest are subject to market fluctuations and other risks inherent in such investments and there can be no assurance that any appreciation in value will occur. The risk factors may cause you to lose some or all of your investments. A description of the major risks is provided below.</p>	<p>For further information, please refer to “Risks” of the Fund Summary for ILP.</p>
Market and Credit Risks	
<p>You are exposed to the following risks:</p> <p>Market Risks The value of investments by the underlying fund may go up and down due to changing economic, political or market conditions, or due to an issuer’s individual situation.</p> <p>Currency Risks Changes in exchange rates between currencies or the conversion from one currency to another may cause the value of an underlying fund’s investments to diminish or increase. Currency exchange rates may fluctuate significantly over short periods of time.</p> <p>Credit Risks The underlying fund is subject to the risk that some issuers of debt securities and other investments made by the underlying fund may not make payments on such obligations.</p>	
Liquidity Risks	
<p>You are exposed to liquidity risks There is no secondary market for the sub-fund. All redemption requests should be made to the Manager. In exceptional circumstances, the sub-fund’s investment in the underlying fund may not be readily redeemable.</p>	
Product-Specific Risks	
<p>You are exposed to the following risks:</p> <p>Risks Relating to Investment Grade, Below Investment Grade and Unrated Debt Securities There is a risk that investment grade securities that the underlying fund invests in may be downgraded due to adverse market conditions. The underlying fund may invest in below investment grade or unrated debt securities which are generally accompanied by a higher degree of counterparty risk, credit risk and liquidity risk than higher rated, lower yielding securities.</p> <p>Emerging Markets and Frontier Risk Emerging markets, and especially frontier markets, generally carry greater political, legal, counterparty and operational risk.</p>	

Risk Relating to Distributions

The manager of the underlying fund has the absolute discretion to determine whether a distribution is to be made. The Manager also reserves the right to review and make changes to the distribution policy from time to time.

Financial Derivatives Risks

The underlying fund may use financial derivative instruments as part of the investment process. The use of futures, options, warrants, forwards, swaps or swap options involves increased risk. The underlying fund’s ability to use such instruments successfully depends on the Manager’s ability to accurately predict movements in stock prices, interest rates, currency exchange rates or other economic factors and the availability of liquid markets. If the Manager’s predictions are wrong, or if the financial derivative instruments do not work as anticipated, the underlying fund could suffer greater loss than if the underlying fund had not used such instruments.

Risks Associated with the Stock Connect

The underlying fund may invest in China A-Shares directly via the Stock Connect.

Risks Specific to China

Changes in China’s political, social or economic policies may significantly affect the value of the underlying fund’s investments.

Onshore Renminbi Currency Risk

Currency control decisions made by the Chinese government could affect the value of the underlying fund’s investments and could cause the underlying fund to defer or suspend redemptions of its shares.

Risk Associated with the China Interbank Bond Market

The underlying fund may invest in the China Interbank Bond Market via the Bond Connect which is subject to regulatory risks and various risks such as volatility risk, liquidity risk, settlement and counterparty risk.

VALUATIONS AND EXITING FROM THIS INVESTMENT

<p>HOW OFTEN ARE VALUATIONS AVAILABLE? The sub-fund is valued daily on an offer/bid basis. All transactions for ILP are based on forward pricing. The prices are updated on the website of Income on each business day.</p> <p>HOW CAN YOU EXIT FROM THIS INVESTMENT AND WHAT ARE THE RISKS AND COSTS IN DOING SO? You can exit the sub-fund at any time by informing the insurer, either directly or through the financial advisor from whom you purchased the sub-fund. If you do so within the cancellation period of 14 days from time of purchase, you may do so without incurring the sales charge and fees stated above. However, you will have to take the risk for any price changes in the NAV of the sub-fund since you purchased it. You will receive the sale proceeds within 7 business days from the time the insurer receives your request to exit from the sub-fund. Your exit price is determined as follows:</p> <ol style="list-style-type: none"> 1. If you submit the redemption order before 3 pm on a business day, you will be paid a bid price based on the net asset value of the sub-fund at the close of that business day. 2. If you submit the redemption order after 3 pm, you will be paid a price bid based on the net asset value at the close of the next business day. <p>The sale proceeds that you will receive will be the exit price multiplied by the number of units sold, less any charges as stated in the terms of the ILP, if applicable. An example, assuming that redemption charge is not applicable, is as follows</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="text-align: right;">Exit price</td> <td style="text-align: center;">X</td> <td style="text-align: left;">Number of units sold</td> <td style="text-align: center;">=</td> <td style="text-align: left;">Gross Sale Proceeds</td> </tr> <tr> <td style="text-align: right;">S\$1,250</td> <td style="text-align: center;">X</td> <td style="text-align: left;">1,000</td> <td style="text-align: center;">=</td> <td style="text-align: left;">S\$1,250</td> </tr> </table> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="text-align: right;">Gross Sale Proceeds</td> <td style="text-align: center;">-</td> <td style="text-align: left;">Redemption Charge</td> <td style="text-align: center;">=</td> <td style="text-align: left;">Net Sale Proceeds</td> </tr> <tr> <td style="text-align: right;">S\$1,250</td> <td style="text-align: center;">-</td> <td style="text-align: left;">S\$0.00</td> <td style="text-align: center;">=</td> <td style="text-align: left;">S\$1,250</td> </tr> </table> <p>Depending on the ILP that you are investing in, a redemption charge may be applicable.
