Which plan is suitable for me?

Basic Plan

For peace of mind

Includes personal accident, hospitalisation, personal liability and outpatient medical expenses due to injury for your helper

Standard or Enhanced Plan

For adequate coverage, or if you are concerned about:

- Possibility of having to stop employing your helper if she suffers a serious injury or serious sickness as confirmed by a medical practitioner
- Your helper being hospitalised and hence your domestic services are not carried out

Our Standard or Enhanced Plan can offer you:

- Coverage for expenses if you have to stop employing your domestic helper
- Wages compensation (up to 30 days)

What is the difference between Standard and Enhanced Plans?

The Standard and Enhanced plans offer additional benefits over the Basic plan, giving comprehensive protection to both you and your helper, with the Enhanced plan featuring higher levels of coverage.
