IMPORTANT NOTES

- 1 We will renew your policy for the same policy term at its prevailing sum assured only if your policy has not ended as a result of a claim during its term and the insured is age 74 (last birthday) and below. However, if the original policy term is not a multiple of five years, or if the original policy term is a multiple of five years but the anniversary immediately after the insured's 100th birthday falls within the next policy term, we will renew it for a shorter term that is a multiple of five years, as long as the minimum term is 10 years, such that the renewal term will neither go beyond the original policy term, nor the anniversary immediately after the insured's 100th birthday. We will work out the renewal premium based on the policy's renewal term, sum assured and the age of the insured at the time the policy is renewed.
- 2 If the insured becomes terminally ill or dies during the term of the policy, we will pay the sum assured. The policy will end when we make this payment.
