

# Global Equity Fund

**Fund Summary**  
as of 22 September 2020

## Investment Objective

To achieve long-term capital appreciation and diversification by investing in stocks traded on the global equity markets.

## Investment Scope

The sub-fund is fully invested in global equities. The sub-fund is denominated in Singapore Dollars.

## Investment Approach

The sub-fund has a multi-manager approach to investing, focusing on selecting active managers with a disciplined process in picking stocks of companies that provide sustainable earnings growth and trade at a discount to their expected growth rate. Bottom-up fundamental research is a critical component to the manager's investment approach.

## Risks

### Key Risks

Income's ILP sub-funds are intended for long-term investment, it is not suited for any short-term speculation. You should not expect to obtain any short-term gains from investing in Income's ILP sub-funds. It is important that your investment suit your risk appetite. You may wish to consult your financial adviser before investing in any ILP sub-fund.

The securities and instruments in which the sub-fund may invest are subject to market fluctuations and other risks inherent in such investments and there can be no assurance that any appreciation in value will occur.

# Global Equity Fund

Fund Summary  
as of 22 September 2020

You should be aware that past performance is not indicative of future performance. The value of the units may rise or fall as the performance of the sub-fund changes.

The risk factors may cause you to lose some or all of your investments. A description of the major risks is provided below. This is not an exhaustive list of risks.

## Market and Credit Risks

You are exposed to market risks. Prices of the securities held by the sub-fund may go up or down, sometimes rapidly or unpredictably. Securities may decline in value due to factors affecting securities markets generally or particular industries.

You are exposed to currency risks. Changes in exchange rates between currencies or the conversion from one currency to another may cause the value of a sub-fund's investments to diminish or increase. Currency exchange rates may fluctuate significantly over short periods of time.

You are exposed to greater market risks as this is an equity fund. Historically, equities have greater volatility than bonds and other fixed income securities. The sub-fund's valuation and the price at which you can exit may correspondingly fluctuate more strongly on a day-to-day basis compared to sub-funds investing in bonds and other fixed income securities.

## Liquidity Risks

You are exposed to liquidity risks. There is no secondary market for the sub-fund. All redemption requests should be made to the Manager.

## Product-Specific Risks

You are exposed to derivatives risks. The sub-fund may invest in derivatives instruments including futures, options, forwards, swaps or credit derivatives for purposes of hedging and/or efficient portfolio management. Derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. The usage of derivatives may negatively impact the value of the sub-fund.

The global exposure of the sub-fund to financial derivatives or embedded financial derivatives will be calculated using the commitment approach and in accordance with provisions of the Code on Collective Investment Schemes. The Manager will ensure that the risk management and compliance procedures are adequate and have been or will be implemented and that it has the necessary expertise to manage the risks relating to the use of financial derivatives.

## Expense and Turnover Ratio

	Expense Ratio	Turnover Ratio
As of 31 December 2019	1.27%	25.43%
As of 31 December 2018	1.28%	47.01%

Expense ratio does not include (where applicable) charges for insurance coverage, brokerage and other transaction costs, performance fee, foreign exchange gains or losses, front or back end loads arising from the purchase or sale of collective investment schemes and tax deducted at source or arising out of income received.

## Soft Dollar Commission or Arrangement

The Manager and Sub-Investment Managers do not retain for its own account, cash or commission rebates arising out of transactions executed in or outside Singapore. The Manager and Sub-Investment Manager also do not receive soft dollars for the sub-fund.

## Conflicts of Interest

The Manager and Sub-Investment Managers may from time to time have to deal with competing or conflicting interests between these sub-funds. However, the Manager and Sub-Investment Managers will use all reasonable endeavours to act fairly and in the best interest of the sub-fund. We will conduct all transactions with or for the sub-fund on an arm's length basis. The Manager and
