## IMPORTANT NOTES

- 1 The definitions for early and advanced stage cancers are found in the policy contract.
- 2 Early stage of major cancer benefit  
The insured must survive at least 30 days after the insured is diagnosed with a covered early stage cancer before we pay the early stage cancer benefit. We will only pay this benefit once. We will not pay it again even if the policy is renewed. We will not pay this benefit if the insured suffered symptoms of, had investigations for, or was diagnosed with the disease any time before or within 90 days from the cover start date. Cover start date refers to the date we issue the policy; or the date we issue an endorsement to include or increase a benefit; or the date we reinstate the policy (whichever is latest).
- 3 Based on a male, non-smoker, age 30 who applies for Cancer Protect plan with a sum assured of \$50,000.
- 4 Guaranteed renewal is applicable only if there is no claim (except that of an early stage of major cancer) during the contract term. We will renew your policy for the same sum assured and contract term. However, if the insured's 84th birthday falls within the next contract term, we will only renew it up to the anniversary immediately after the insured reaches the age of 84. We will work out the renewal premium based on the policy's contract term, sum assured and the age of the insured at the time the policy is renewed.
- 5 Advanced stage of major cancer benefit  
The insured must survive at least 30 days after the insured is diagnosed with a covered advanced stage cancer before we pay the advanced stage cancer benefit. We will not pay this benefit if the insured was diagnosed with the disease within 90 days from the cover start date.
- 6 Underwriting will be based on the health declaration found in your proposal form or the medical questionnaires. However, if we deem necessary after assessing the declaration, we may require the insured to go for specified medical tests.
- 7 This plan is not guaranteed acceptance and is subjected to underwriting. We will not pay any benefits if your claim arises from a material pre-existing condition that was not told to us. Please refer to the policy contract for further details.
- 8 Accidental death benefit is payable only if insured's death happens within 365 days of the accident. If the insured is aged 69 or under, 100% of the sum assured will be paid out for this benefit only if the insured is not participating in a restricted activity at the time of the accident. If the insured is participating in a restricted activity at the time of the accident, this benefit will be reduced to 30% of the sum assured. If the insured is aged 70 or above, 100% of the premium paid will be refunded for this benefit if the insured's death happens within one year from the cover start date. Otherwise, \$5,000 will be paid out instead. Standard exclusions apply as well. The policy will end when this payment is made. Please refer to the policy contract for further details.
