

## Investment Objective

The Global Income Fund aims to provide income and capital growth over the medium to long-term by investing primarily in global equities and global fixed income securities directly or indirectly through the use of investment funds or financial derivative instruments (including, but not limited to, futures, options and credit default swaps).

The sub-fund currently offers a monthly distribution pay-out feature. Distributions are not guaranteed and can be made out of the income, capital gains and/or capital of the sub-fund.

## Investment Scope

The sub-fund intends to achieve the objective by investing all or substantially all of its assets in Schroder International Selection Fund Global Multi-Asset Income (“underlying fund”) in SGD Hedged A Distribution Share Class. The underlying fund invests at least two-thirds of its assets directly or indirectly through derivatives in equity and equity-related securities, fixed income securities and alternative asset classes. As the underlying fund is index-unconstrained it is managed without reference to an index.

The sub-fund is denominated in Singapore Dollars.

Further information on the exposure to alternative asset classes, can be found in Appendix III, section "Fund Details" of the underlying fund’s Luxembourg Prospectus available at <https://www.schroders.com/getfunddocument/?oid=1.9.116178>.
