**Guaranteed acceptance** regardless of health condition

# Benefits

---

## Lifetime monthly cash payouts starting from the 6<sup>th</sup> policy year till age 100

Revel in your legacy. From the start of the 6<sup>th</sup> policy year, you'll receive monthly cash payouts<sup>1</sup>. Over a year, these cash payouts can add up to 4.2% of your net single premium (of which 1.56% is guaranteed and 2.64% is non-guaranteed).

## Special cash benefits at the start of the 21<sup>st</sup> and 31<sup>st</sup> policy year

There's never too much of a good thing. On top of the monthly cash payouts, a guaranteed special cash benefit<sup>2</sup> equivalent to 1.56% of your net single premium will be paid out at the start of the 21<sup>st</sup> and 31<sup>st</sup> policy year.

## Empowered with choice

Choose to receive your cash payout and spend it however you like or accumulate with us to receive interest at a rate of up to 3.25% p.a.<sup>4</sup>.

## Application made easy

Enjoy simplicity and convenience. Application is hassle-free and acceptance is guaranteed. There is no need for any medical check-up, so you can start growing your wealth effortlessly.

## Extra protection in case of accident

It's never too early to plan for your loved ones. Receive coverage<sup>5</sup> for death and total and permanent disability (TPD before age 70). If the insured's death or total and permanent disability happens before age 70 and is due to an accident, you can receive a benefit of up to an additional 105%<sup>3</sup> of the net single premium.

## Centennial maturity benefit at age 100

Receive a centennial maturity benefit<sup>6</sup> of 105% of the net single premium and a non-guaranteed terminal bonus, at the point of policy maturity when the insured reaches 100 years old.

## Exclusive treats for Income's Solitaire policyholders

Gain access to Income's Solitaire Club – an exclusive rewards programme and pamper yourself with a range of privileges specially curated for you. Find out more at [www.income.com.sg/solitaire/privileges](http://www.income.com.sg/solitaire/privileges).

# How Wealth Solitaire gives you an unparalleled advantage of passive income

Mr Tan, age 40, signs up for Wealth Solitaire with a single premium of \$2 million.

From the start of the 6<sup>th</sup> policy year, the policy begins to pay monthly cash payouts<sup>1</sup> of \$7,000<sup>7</sup>. The policy also pays out a special cash benefit<sup>2</sup> of \$31,200 at the start of the 21<sup>st</sup> and 31<sup>st</sup> policy year respectively. The monthly cash payouts<sup>1</sup> provide a monthly income stream to Mr Tan for his various lifestyle expenses, such as luxury vacations and watches.

Mr Tan will also receive a centennial maturity benefit<sup>6</sup> of \$4,218,000<sup>7</sup> when he reaches a ripe old age of 100 years old.

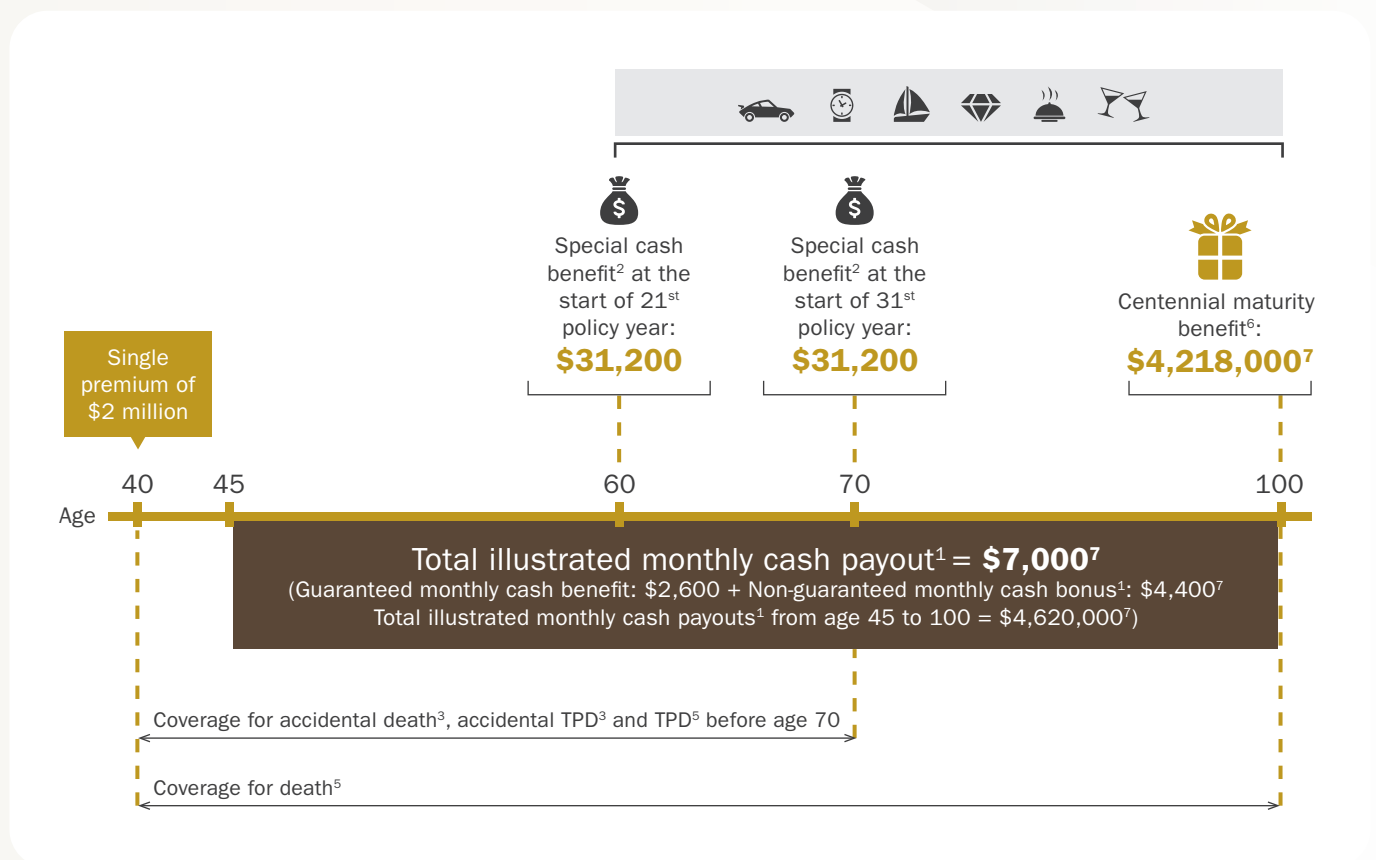

Diagram is not drawn to scale. The figures used are for illustrative purposes only and are rounded to the nearest dollar.

Should Mr Tan pass away at age 85, his family will receive the death benefit of \$2,946,000<sup>5,7</sup> and the policy terminates thereafter.

The non-guaranteed figures above are based on the assumption that the Life Participating Fund earns a long-term average return of 4.75% p.a.

Should the long-term average return be 3.25% p.a., the total illustrated monthly cash payout<sup>1</sup> would be \$4,266<sup>8</sup> and the centennial maturity benefit<sup>6</sup> would be \$3,166,000<sup>8</sup>. Should Mr Tan pass away at age 85, the death benefit would be \$2,396,000<sup>5,8</sup>.

# How Wealth Solitaire helps you with legacy planning

Mr Lee signs up for Wealth Solitaire with a single premium of \$1 million and names his 5 year-old son, Darren, as the insured.

From the start of the 6<sup>th</sup> policy year, the policy begins to pay monthly cash payouts<sup>1</sup> of \$3,500<sup>7</sup>. The policy also pays out a special cash benefit<sup>2</sup> of \$15,600 at the start of the 21<sup>st</sup> and 31<sup>st</sup> policy year respectively.

Mr Lee chooses to accumulate the monthly cash payouts<sup>1</sup> and the special cash benefit<sup>2</sup> (that is payable at the start of the 21<sup>st</sup> policy year) with Income at the prevailing interest rate of up to 3.25% p.a.<sup>4</sup>.

When Darren turns 35, Mr Lee withdraws \$1,647,360<sup>4,7</sup> for Darren's purchase of his dream house. It includes the special cash benefit<sup>2</sup> paid at the start of the 31<sup>st</sup> policy year and the accumulated cash payouts<sup>1</sup> (consists of 25 years of accumulated monthly cash payouts<sup>1</sup> and the special cash benefit<sup>2</sup> paid at the start of the 21<sup>st</sup> policy year). Mr Lee then transfers the ownership of the policy to Darren.

Darren chooses to receive the monthly cash payouts<sup>1</sup> for his lifestyle expenses. Darren will also receive a centennial maturity benefit<sup>6</sup> of \$5,328,000<sup>7</sup> when he reaches a ripe old age of 100 years old.

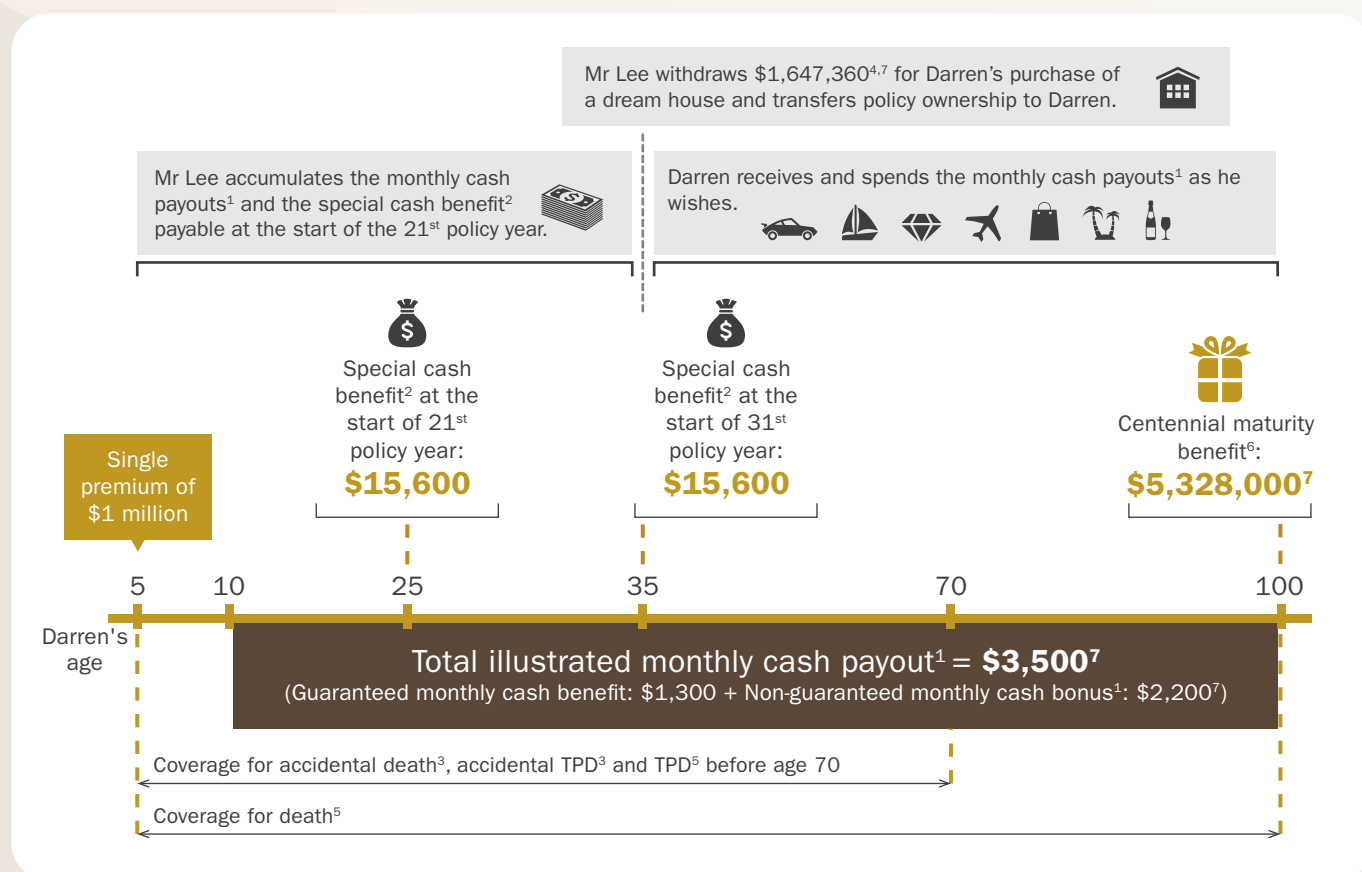

Diagram is not drawn to scale. The figures used are for illustrative purposes only and are rounded to the nearest dollar.

Should Darren pass away at age 85, his daughter, Natalie will receive a death benefit of \$2,947,000<sup>5,7</sup> and the policy terminates thereafter.

The non-guaranteed figures above are based on the assumption that the Life Participating Fund earns a long-term average return of 4.75% p.a.

Should the long-term average return be 3.25% p.a., the total illustrated monthly cash payout<sup>1</sup> would be \$2,133<sup>8</sup>, the illustrated withdrawal amount for Darren's dream house would be \$835,966<sup>8</sup>, and the centennial maturity benefit<sup>6</sup> would be \$2,710,000<sup>8</sup>. Should Darren pass away at age 85, the death benefit for his daughter, Natalie would be \$1,714,000<sup>5,8</sup>.

## About Income

Income was established in 1970 to provide affordable insurance for workers in Singapore. Today, two million people in Singapore look to Income for trusted advice and solutions when making their most important financial decisions. Our wide network of advisers and partners provide life, health and general insurance products and services to serve the protection, savings and investment needs of customers across all segments of society.

As a social enterprise, Income was made different. Our social purpose of maximising value for our policyholders defines us as a social enterprise as we continue to make insurance accessible, affordable and sustainable for all.

In 2018, Income had over \$37 billion in assets under management. Our financial strength and diversified investment portfolio is reflected by our strong credit ratings which underpin the delivery of our commitment to customers.

Income's corporate social responsibility initiative, OrangeAid, is committed to empower a better future for children and youth from disadvantaged backgrounds.

## IMPORTANT NOTES

- 1 If the insured survives at the end of 5 years from the policy entry date, you will start to receive cash payouts starting from the 61<sup>st</sup> policy month after the policy entry date. The monthly cash payout consists of the guaranteed monthly cash benefit and the non-guaranteed monthly cash bonus. The guaranteed monthly cash benefit is 0.13% of the net single premium, while your non-guaranteed monthly cash bonus is up to 0.22% of your net single premium (based on the assumption that the Life Participating Fund earns a long-term average return of 4.75% per annum). Over 12 months, you would receive 1.56% of the net single premium as guaranteed cash benefit and up to 2.64% of the net single premium as non-guaranteed cash bonus. The non-guaranteed monthly cash bonus may vary according to the future performance of the Life Participating Fund. If the Life Participating Fund earns a long-term average return of 3.25% per annum, the non-guaranteed monthly cash bonus will be up to 0.08% of the net single premium. You will continue to receive your monthly cash payout at subsequent policy months if the insured is still alive and the policy has not ended. Net single premium means the single premium amount shown in the policy schedule or the reduced amount if a part of the policy has been cashed in earlier.
- 2 You will receive two special cash benefits, one at the start of the 241<sup>st</sup> policy month and another at the start of the 361<sup>st</sup> policy month from the policy entry date. Each special cash benefit is guaranteed to be 1.56% of the net single premium.
- 3 In addition to the death benefit or total and permanent disability benefit, 105% of the net single premium will be paid out for this benefit only if the death or total and permanent disability resulted from an accident before age 70, occurs within 365 days of the accident and the insured was not taking part in any restricted activity as defined under the policy at the time of the accident. If death or total and permanent disability occurs due to the insured's involvement in any such restricted activity at the time of the accident, only 63% of the net single premium will be paid out for this benefit in addition to the death or total and permanent disability benefit. Standard exclusions apply as well. Please refer to the policy contract for further details.
- 4 Interest rate of 3.25% per annum is not guaranteed. Prevailing interest rate at the point of deposit will be determined by Income.
- 5 The policy pays out 105% of the net single premium and a non-guaranteed terminal bonus in the event of the insured's death or total and permanent disability (TPD before age 70).
- 6 If the insured survives at the end of the policy term, which is the anniversary immediately after the insured's 100<sup>th</sup> birthday, and the policy has not already ended, the policy will pay 105% of the net single premium and a non-guaranteed terminal bonus ("centennial maturity benefit"). We will also pay any cash benefits and cash bonuses which have built up (accumulated). The policy will end when we make this payment. We will not pay any further benefits.
- 7 The figures in the illustration are not guaranteed and are illustrated based on the assumption that the Life Participating Fund earns a long-term average return of 4.75% per annum in the future. Returns are illustrated based on estimated bonus rates that are not guaranteed. The actual benefit payable will vary according to the future performance of the Life Participating Fund.
- 8 The figures in the illustration are not guaranteed and are illustrated based on the assumption that the Life Participating Fund earns a long-term average return of 3.25% per annum in the future. Returns are illustrated based on estimated bonus rates that are not guaranteed. The actual benefit payable will vary according to the future performance of the Life Participating Fund. If cash benefits and cash bonuses are accumulated with Income, the interest rate will be based on 1.75% per annum and it is not guaranteed. Prevailing interest rate at the point of deposit will be determined by Income.

This is for general information only. You can find the usual terms and conditions of this plan at [www.income.com.sg/wealth-solitaire-policy-conditions.pdf](http://www.income.com.sg/wealth-solitaire-policy-conditions.pdf). All our products are developed to benefit our customers but not all may be suitable for your specific needs. If you are unsure if this plan is suitable for you, we strongly encourage you to speak to a qualified insurance adviser. Otherwise, you may end up buying a plan that does not meet your expectations or needs. As a result, you may not be able to afford the premiums or get the insurance protection you want. Buying a life insurance plan is a long-term commitment on your part. If you cancel your plan prematurely, the cash value you receive may be zero or less than the premiums you have paid for the plan.
