Enjoy comprehensive protection for your family and home.

GENERAL INSURANCE

Protect what makes your house a home, and what is also possibly your most expensive asset. Our comprehensive home insurance plan ensures peace of mind by protecting you, your family and your home against unforeseen events.

Why is it good for me?

1

Protection for your home including the building¹, renovations² and contents³

2

Additional benefits to cover you and your family

3

Flexible plans to suit your different needs

4

Peace of mind during home emergencies⁴ with our 24/7 hotline

You can go beyond just your basic fire insurance plan that covers damages to your building¹, which will not cover your furnishings and renovation. Here's how Enhanced Home Insurance comes into play:

ACCIDENTS IN THE HOME⁵

Accidental death or permanent disability covered

RENOVATIONS²

Damages covered
e.g. ceiling lamps, walk-in wardrobe, kitchen counter

DAMAGES TO OTHERS' HOUSES

Liability covered
e.g. if fire from your house spreads to theirs

HOME CONTENTS³

Damages covered
e.g. television, laptop, bed

HDB Fire Insurance

HDB FLAT

Damages covered

Protect your home against unforeseen events

We protect not just your house but also your home's renovations² and contents³, which could add up to be more valuable than your house. Enjoy coverage against insured events⁶ such as fire, theft, flood and damage due to bursting of water pipes or tanks.

Determining the coverage amount

Because home insurance pays to restore the damages to its original state, the amount of coverage required for each component is the cost to rebuild your building, redo your renovations or purchase your contents. This is also known as the reinstatement value and may be different from the market value.

Choice of different plan types and coverage amounts

If you get coverage that is more than the reinstatement value of your house, you are over-insured as insurers will only pay the amount required to restore your property to its undamaged state. Hence, you're paying unnecessary premiums on additional coverage that will not be claimable.

If you get coverage that is less than the reinstatement value of your property, you are under-insured and will only be able to claim a proportion of the damage. So for example, if your building costs \$500,000 to rebuild and you only get coverage of \$250,000, you will only be able to get back 50% of any covered damage.

Our Enhanced Home Insurance offers you that value-add by giving you the flexibility to choose the coverage amount you need for your building, renovations and contents.

Premium rates for HDB homes

Meet Shaun, who just rented a 3-room HDB flat. He purchased an Enhanced Home Insurance without any building or renovations cover, as he does not own the building and did not do any renovation. He pays
\$113.49
for a 3-year plan

He also opted for a sum insured of **\$150,000 for renovations** and **\$80,000 for contents**.

He pays **\$885.69** for a 3-year plan (after 15% discount).

IMPORTANT NOTES

- 1 Building means the following:
For Housing Development Board (HDB) flats, condominiums, apartments or cluster houses, it will include the building structure (but not the foundations), fixtures and fittings based on HDB's or the property developer's standard specifications. This means we will not cover areas you do not own or which are not provided just for your use. For example, this can include shared areas such as corridors, car parks, stairways, lift lobbies and swimming pools.
For landed properties such as bungalows, semi-detached and terrace houses, it will include the building structure (but not the foundations), garages, outbuildings, swimming pools, terraces, footpaths, driveways, gardens, gates, fences and other private areas you own and which the public do not have access to.
- 2 Renovations means improvements and additions made within the premises by you or any previous owner or tenant in the form of fixtures and fittings. For example, this could include flooring, built-in wardrobes and kitchen cabinets. They do not form part of the building cover.
- 3 Contents means any physical and movable household items or personal belongings including money and valuables kept within the premises that belong to you or your family members. But it does not include, amongst other items, motor vehicles, pets and items connected with your business or trade. Please refer to the policy contract for the exclusions and the benefit sub-limits for each type of content.
- 4 Income has arranged for our appointed Emergency Home Assistance company to provide policyholders with emergency plumbing, electrician, locksmith, pest control, and air-conditioner repair services 24/7, subject to policy conditions. This bonus service is a complementary service provided to you. It does not form part of the benefit provided under the policy contract. Income reserves the right to amend or discontinue the service at any time at its sole discretion.
- 5 The personal accident cover will apply if you, your husband, wife or children are involved in an accident within the premises which causes an injury and due only to this accident, you or they die or become permanently disabled within 90 days from the date of the accident. The amount of benefit payable is subject to the scale of compensation in the policy contract. Premises means the residential property which you insure at the address shown in the policy contract. This does not include shared areas as described in our definition of building.
- 6 Insured events means:
 - a. Fire, lightning or explosion.
 - b. Being hit by a road vehicle, train, animal, flying object or aircraft which you or your family members do not own or control.
 - c. Actual or attempted theft as long as force and violence are used to get into or out of the premises. You must not leave the premises unoccupied.
 - d. Bursting or overflowing of domestic water tanks, apparatus or pipes in your premises (but not damage to water tanks, apparatus and pipes and expenses for tracing the source of the leak). The premises must not be left unoccupied.
 - e. Hurricane, cyclone, typhoon, windstorm, earthquake or volcanic eruption.
 - f. Flood caused by water overflowing or escaping from its normal channels. This includes flood caused by the sea, windstorm, bursting or overflowing of public water mains or any other flow or build-up of water coming from outside the building structures.
 - g. Riot, strike or malicious act.
- 7 A year means each 12-month period from the start date of policy.
