

Asia Dynamic Return Fund

Investment Objective

To generate regular income and long-term capital appreciation for investors by investing in equities, fixed income, cash and other permissible investments.

Investment Scope

The sub-fund aims to achieve the objective by investing all or substantially all of its assets in the Fullerton Asia Income Return Fund (“underlying fund”) Class A SGD distributing class. The underlying fund may invest in collective investment schemes, other investment funds, exchange traded funds (“ETFs”), securities and/or hold cash, in accordance with its investment objective and asset allocation strategy, as the Manager of underlying fund deems appropriate.

The underlying fund may use financial derivative instruments (“FDIs”) (including, without limitation, treasury, bond or equities futures, interest rate swaps or foreign exchange forwards) for hedging, efficient portfolio management, optimising returns or a combination of all three objectives.

The sub-fund is denominated in Singapore Dollars.
