Important notes

Based on February 2021 payout, distribution rate is approximately 4.75% per annum.

The sub-fund offers a monthly pay-out feature, with historical distribution of 4.50-6% of the net asset value per annum. The declaration date is set on the 2nd last working day of the month. If these dates fall on a weekend/public holiday, the last business day before these dates will be taken as the declaration date. The declaration date is subject to review and the distribution dates are stated in our website.

The Manager has the sole discretion to determine the rate and frequency of the distribution. The Manager intends to pay the distribution within 45 days from the declaration date. The distributions are not guaranteed and can be made out of the income, capital gains and/or capital of the sub-fund. Past payout yields do not represent future payout yields. The sub-fund is not a capital guaranteed fund, i.e. the amount of capital invested or return received is not guaranteed.

Distribution Per Unit (DPU) = Fund NAV (declaration date) * Distribution Rate.
