Conditions for Gro Saver Flex

Your policy

This is an endowment plan. Its value will increase by **us** adding regular bonuses.

We will pay a maturity benefit at the end of the policy term.

We will also pay a benefit if the insured becomes **terminally ill** or dies during the term of this policy and a secondary insured is not appointed.

You may cash in this policy. However, this policy is designed to provide the best value in the long term, so **you** should consider this carefully. **We** recommend that **you** get financial advice.

For regular premium policy, the compulsory rider – Savings Protector will be attached to this policy.

1 What your policy covers

a Terminal Illness and Death benefit

If the insured becomes **terminally ill** or dies during the term of this policy, **we** will pay:

- 105% of all **net premium(s)** paid; or
 - 101% of the **cash value**;
- whichever is higher.

We will take any policy loan and interest from the benefit amount **we** will pay.

This policy will end when **we** make this payment. **We** will not pay any further benefits.

If **you** have appointed a secondary insured before the insured dies, **we** will not pay this benefit. Upon the death of the insured, the secondary insured becomes the insured and this policy will continue.

b Maturity benefit

If the insured survives at the end of the policy term and this policy has not already ended, **we** will pay the **cash value**.

We will take any policy loan and interest from the benefit amount **we** will pay.

This policy will end when **we** make this payment. **We** will not pay any further benefits.

c Secondary insured option

You may appoint or remove a secondary insured before the death of the insured provided the following conditions are met:

- the premium of this policy is paid only with cash;
- no nomination of beneficiary has been made for this policy; and
- there is no change to the ownership of this policy including assignment, bankruptcy and trust.

The secondary insured must be yourself (before the age of 65 years old), your spouse (before the age of 65 years old), or your child or ward (before the age of 18 years old) at the time of exercising this option.

You can exercise this option to appoint a secondary insured no more than three times.

The secondary insured becomes the insured of this policy only upon death of the insured for the remaining policy term. This policy can only have one insured at any point of time.

d Guaranteed insurability option

If the **original insured** experiences a **life event**, they may choose to take up a new policy with only death and **TPD** benefits on their own life, without **us** having to assess their health. **We** will limit the sum assured for the new policy to 50% of the sum assured for this policy, or S\$100,000, whichever is lower. The **original insured** must meet all the following conditions to take up this option.

- The **original insured** must take up this option within three months after the date of their **life event**.
- The **original insured** must not be **totally and permanently disabled**, or be diagnosed with an **advanced-stage dread disease** at the time of taking up this option.
- The **original insured** must be 50 years old or under at the time of taking up this option.
- The **life event** must have taken place no earlier than 12 months after the **cover start date** of this policy.
- At our request, the **original insured** must provide to our satisfaction, documentary proof of a **life event**.

The **original insured** can take up this option no more than two times. Each time the **original insured** takes up this option, it must be on a different **life event**.

If **we** have added any special terms to this policy (such as extra exclusions or an increased premium), **we** will also add these terms to the new policy which the **original insured** takes up.

2 Our responsibilities to you

a Cash value and paid-up policy

You may choose to cash in this policy fully or partially. Your policy will end after **you** cash in this policy fully.

For single premium policy, **you** can only cash in this policy after **you** have paid the **net premium(s)**.

For regular premium policy, **you** can only cash in this policy after **you** have been paying premiums for at least two years.

If **you** choose to cash in this policy partially, the sum assured of this policy after the partial cash payout cannot be less than the minimum sum assured or any other amount **we** may tell **you** about.

You can also convert the regular premium policy to a **paid-up** policy once this policy has a **cash value**. The death benefit, **cash value**, and maturity benefit (if applicable based on the benefits included in this policy) are payable based on a reduced sum assured upon **paid-up**. Other benefits, if any, will end. **You** will not pay any future premiums.

You will keep any bonuses added to this policy before the date **you** convert it to a **paid-up** policy. Once **paid-up**, this policy is not eligible for future bonus.

Any rider attached to this policy will end immediately once converted to a **paid-up** policy.

b Loans

You may take a loan from this policy depending on **our** terms and conditions. **We** will take all loans and their interest from any amount **we**

may be due to pay under this policy. If at any time the amount of the loans and interest is more than the **cash value**, this policy will end.

You may repay all or part of the loan at any time. The interest charged on the loan will be based on the rate agreed at the time **you** took out the loan. **We** may change the interest rate at any time by giving **you** 30 days' notice.

c Bonus

You have bought a participating policy from **us** and it forms part of the Life Participating Fund. This policy will share in the profits and losses from this fund, as **we** add bonuses. There are two types of bonuses.

- **We** may add an 'annual' or 'reversionary' bonus to this policy each year. Once **we** have added an annual bonus, **we** cannot remove it.
- **We** may pay a 'terminal' bonus at the time of making a claim, when **we** pay **you** the maturity benefit, or if **you** cash in this policy.

These bonuses are not guaranteed. They are recommended by **our** appointed actuary and approved by **our** board of directors. This policy will become eligible for bonuses after two years from the **policy entry date**.

3 Your responsibilities

For regular premium policy, **you** will pay your first premium at the time **you** apply for this policy. **You** will then pay future premiums when they are due. **You** will have 30 days as a period of grace to make these payments for this policy to continue. If **we** are due to pay any benefits during this period, **we** will take off any unpaid premiums from the benefits.

If **you** still have not paid the premium for this policy or any of its riders after the period of grace, **we** will pay the premiums on your behalf so this policy and its riders can continue. **We** will only do this if this policy has enough **cash value** to repay them. **We** treat this as a loan (called an automatic premium loan) and charge **you** interest. If there is not enough **cash value**, this policy and its riders will end.

We will take these loans and interest from any amount **we** may be due to pay under this policy. If at any time the amount of the loans and interest is more than the **cash value**, this policy and its riders will end.

If this policy and its riders end because there is not enough **cash value**, **you** can reinstate this policy and its riders within 36 months by paying the premiums **you** owe along with interest. This applies as long as **you** give **us** satisfactory proof of the insured's good health and there is no change in the risks covered by this policy. However, if **we** do not ask for the insured's health declaration or medical checks at the time of application, then **you** need not give **us** satisfactory proof of the insured's good health.

4 What you need to be aware of

a Suicide

This policy is not valid if the insured commits suicide within one year from the **cover start date**.

We will refund the total premiums paid, without interest, less any amounts **we** have paid **you**, and any amount **you** owe **us**, from the **cover start date**.

b Terminal illness benefit

We will not pay this benefit if your claim arises from:

- deliberate acts such as self-inflicted injuries, illnesses or attempted suicide;
- unlawful acts, provoked assault, or deliberate exposure to danger; or
- the effects of alcohol, drugs or any dependence.

c Making a claim

To make a claim for death benefit, **we** must be told within six months after the insured's death.

If this policy provides for **accidental** death or **accidental TPD** benefit, **we** must be told within thirty days after the insured's death or **TPD**. If **you** tell **us** after the thirty days, **we** will not pay the claim for **accidental** death or **accidental TPD** benefit.

To make a claim for other benefits, **we** must be told within six months after the diagnosis or the event giving rise to the claim. If **you** tell **us** after the six months, **we** will not pay the claim for the other benefits.

When **we** pay a claim, **we** will not refund any premiums that have been paid.

d Transferring the legal right of the policy

You cannot assign (transfer) this policy unless **you** tell **us** in writing and **we** agree to the assignment.

e Excluding the third-party rights

Anyone not directly involved in this policy cannot enforce it under the Contracts (Rights of Third Parties) Act (Chapter 53B).

f Supplementary Retirement Scheme (SRS)

If premiums for this policy have been paid with funds from the SRS account, this policy will follow the SRS regulations, which include the following:

- **You** cannot take a loan from this policy or assign (transfer) this policy.
- **We** will make all payments, except the death benefit, to the policyholder's SRS account.
